

I am writing in regards to the latest sanctions that has been issued to the radio airwaves. As citizens of The United States of America it is our right to decide what we listen to, and if we do not like what we are hearing we can always change the channel. For rules to be established without our consent is unjust. I have a right to listen to anything I want. The outcry of a few citizens does not properly represent us as a nation. Before any other rulings are put into place please consent us. Howard Stern is being forced to edit all of his show. It is just not fair. I feel it should be my judgement if I want to listen to it or not. Not for you to decide if I should. Thank you for your time.
